Forecast For Strathclyde
Issued by Met Office Aberdeen
at 1600 on Thursday 28 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy with some rain at times, snow over Northeast Argyll.

This Evening and Tonight:
Cloudy with further outbreaks of rain, initially quite light across the south but turning heavier at times tonight. Cold enough for some snow over parts of northeast Argyll. Moderate to fresh east or northeast breeze, strong in far west. Minimum temperature 1 deg C (34 deg F).

Friday:
Outbreaks of rain, with some sleet and snow in North Argyll, becoming mainly light and occasional. Then skies clearing in the evening with a widespread frost, some ice. Maximum temperature 5 deg C (41 deg F).

Outlook for Saturday to Monday:
Mainly dry but cold over the next few days with some clear or sunny periods. A chance of the odd snow shower in Lanarkshire. Frosts evening night and morning.
